## Update – Elementary Open Enrollment

Surprise! Aren't you lucky! It's a twofer. I wanted to drop a note prior to our elementary back to school night. In case you find that you need a different plan, the link below shows our projected enrollment in each school by grade level.

<https://docs.google.com/spreadsheets/d/1yyshliddNsdY8JFFpSLp4nVuRTwKBRysOI0WaAVkgDjg/edit?usp=sharing>

Under current Idaho law, any school that has capacity must accept any student who wishes to enroll in the school, provided the student does not have a significant behavior record and/or chronic absenteeism.

In our district, the school board has set the capacity of each grade level. It is as follows:

Kindergarten – 3<sup>rd</sup> grade: 20 students per class

4<sup>th</sup> grade – 5<sup>th</sup> grade: 23 students per class

I wanted to share our numbers with you so that you can make an informed decision. Please be advised that our transportation department cannot provide a bus to any student who attends a school outside their home zone.

If you have any questions, please feel free to contact me.

Sincerely,

Brian Kress  
Superintendent of Schools  
Blackfoot School District #55

**ALL ENROLLMENT NUMBERS WERE PULLED ON 08/14/24**

The board of trustees recognizes that parents/guardians of students residing in the district may desire to enroll their student in a school other than the student's home school. Likewise, the board recognizes that parents/guardians residing outside of the district may desire to enroll their student in schools within the district. The purpose of this policy and the accompanying procedures (Policy 631P) is to establish guidelines for enrollment in district schools consistent with Idaho law. Parents/guardians of Idaho students who desire to enroll their students in district schools, or in a district school other than the student's home school, may apply for enrollment consistent with the requirements of this policy. All transfer applications will be considered without regard to the student's residential address, ability, disability, race, ethnicity, sex, or socioeconomic status.

## **DEFINITIONS**

As used in this policy and in 631P, the following terms apply:

“Chronic absenteeism” means absences of at least ten percent (10%) of school days during a school year, regardless of the reason for such absence. For purposes of open enrollment procedures, chronic absenteeism includes late arrivals (tardies) and late pick-ups.

“In-district transfer” means a transfer of a student to a school other than their home school as determined by district school zones and boundaries.

“Home school” means the student's school based on his/her residential address as determined by district school zones and boundaries.

“Receiving school/transfer school” means the student's school approved for enrollment through an open enrollment application.

## **APPLICATION**

Parents/guardians of out-of-district students seeking to enroll in the district and parents/guardians of a student seeking an in-district transfer must apply for admission to a specific school on a form provided by the Idaho State Department of Education (SDE) or a district-provided form that is substantially similar. The application must be submitted to the desired district school by February 1 for priority enrollment during the following school year. Applications received after February 1 will be considered based on school capacity as set forth in this policy and accompanying procedures (631P). Priority for enrollment in district schools will be given to in-district transfers.

The notice of application must also be given to the home district or school. At the time of application, the parent/guardian must request that the home district or school forward the student's accumulative record. The home district or school has ten (10) days to forward a certified copy of the transferred student's record, unless the provisions of Idaho Code §18-4511 apply.

The superintendent, building principals or other designee will review and accept or deny applications. The district or receiving school within the district will notify the applicant within

sixty (60) days of the decision. If the request for enrollment in the district or enrollment in another school in the district is denied, the denial will include a written explanation.

For students accepted for enrollment in district schools, the student's parent/guardian need not reapply for acceptance to the same school for the next school year. However, the parent/guardian must provide notice to the district or receiving school of intent for the student to reenroll on a form provided by the district.

Students moving from elementary school to Blackfoot Heritage Sixth Grade or from Blackfoot Heritage Sixth Grade to Mountain View Middle School or from Mountain View Middle School to high school must reapply for enrollment as provided in this policy. Once accepted, the student's parent/guardian need not reapply for acceptance to the same school for the next school year but must provide notice to the district or receiving school of intent for the student to reenroll on a form provided by the district.

Students who are enrolled at the same district school for two (2) consecutive years may complete his/her education at the school without providing notice unless the student's transfer approval has been revoked as provided in this policy.

## **SCHOOL CAPACITY AND REPORTING**

The district establishes maximum enrollment for each grade level at each school within the district and uses such maximum enrollment to determine space available for purposes of making decisions on all transfer applications. Maximum enrollment is determined based on desired student/teacher ratios; program, class, and grade level capacity; and building capacity, as well as growth within a school's home attendance area. For secondary grades, the district may use core classroom size per grade level as the standard to determine maximum enrollment.

Provided that the district meets the minimum sample size necessary to prevent unlawful release of personally identifiable student data, the district will, at least four (4) times during the school year, publish on its website the space available at each grade level at each school. Space available is determined by comparing the maximum enrollment to the number of students actually enrolled.

As required by Idaho law, the district will report to the state reporting system the space available at each grade level, school, and in each program, the number of transfer applications, the number of accepted transfer students, and the number of denied applications. Such reporting will occur not less than four (4) times during the school year.

## **STUDENT RIGHTS AND RESPONSIBILITIES**

Students attending district schools through any of its enrollment options are subject to and required to follow the same policies, regulations, and school rules as any regularly enrolled student during the times that students are present at school or any school-related event or activity. Such policies, regulations and rules will include, but are not limited to, those relating to attendance, grades, prerequisites, classroom conduct, and discipline.

## **SPECIAL STATUS AND COURT ORDERED STUDENT PLACEMENT**

Nothing in this policy shall override any student's rights under the McKinney-Vento Homeless Assistance Act, the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act. The district will allow any student eligible under McKinney-Vento, IDEA or Section 504, who is otherwise qualified to participate in school programs, to enroll in schools and programs of the district under the same criteria and conditions as all other students and receive accommodations in the general education courses if eligible. In addition, non-resident students who are placed by court order under provisions of the Idaho juvenile corrections or child protective acts and reside in licensed homes, agencies, and institutions will be received and admitted by the school district in which the facility is located without payment of tuition.

Prior to revocation of an approved open enrollment application of students with disabilities who have an Individualized Education Program (IEP) or Section 504 plan, the district will follow all procedures required by the IDEA or Section 504.

## **TRANSPORTATION**

For those students attending this district's schools from out-of-district, the parent/guardian will be responsible for transporting the student to and from the school or to an appropriate bus stop within this district, provided that the district may provide transportation for students with disabilities as may be required by the student's IEP or Section 504 plan. For those students attending another school, rather than their assigned school within this district, the parent/guardian is responsible for transporting the student to an appropriate bus stop.

## **PARTICIPATION IN EXTRACURRICULAR ACTIVITIES**

Transfer students, whether in-district or out-of-district, may be ineligible to compete in athletic activities governed by the Idaho High School Activities Association ("IHSAA") due to such transfer. Students and their parents/guardians who are considering a transfer are encouraged to review IHSAA rules and are responsible for obtaining information on athletic eligibility from the IHSAA.

## **PREVENTING OR RECRUITING POTENTIAL OPEN ENROLLMENT STUDENTS**

Neither the district nor its employees will take any action to prevent or prohibit application by a student to attend school in another school district or to attend another school within the district. In no event is the district or any employee of the district to recruit students outside of their attendance area. Violation of this policy may involve disciplinary action up to and including termination dismissal.
